

AEP 2025 Presentations

TUESDAY | MAY 27

09:00

Accelerating Digital Transformation in Energy: A Deep Dive into Cegal Prizm PTP by Hector Repilloza

10:30

The Blueback Toolbox Advantage II – Maximizing Workflow Productivity (well data) by René Dam Pedersen

11:30

Accelerating Subsurface Workflows with Cetegra by Julie Vonnet

12:30

From Chaos to Clarity: Streamlining Petrel Projects with Blueback Project Tracker by Neil Constantine

13:30

The Blueback Toolbox Advantage I – Maximizing Workflow Productivity (geology) by René Dam Pedersen

15:00

Best Practice Blueback Geophysics Toolbox and Investigator: Advanced Seismic Visualization Methods for Assessing Hydrocarbon Potential and Risk by Mulky Winata

16:00

Optimizing Data Management by Caroline McKnoe

WEDNESDAY | MAY 28

09:00

Blueback Investigator – Empowering Data Driven Decisions by René Dam Pedersen

10:30

Best Practice Blueback Geophysics Toolbox and Investigator: Advanced Seismic Visualization Methods for Assessing Hydrocarbon Potential and Risk by Mulky Winata

**booth
#197**

11:30

Optimizing Data Management by Caroline McKnoe

12:30

Accelerating Digital Transformation in Energy: A Deep Dive into Cegal Prizm PTP by Hector Repilloza

13:30

Best Practice for Blueback SRC and Investigator: Seismic Reservoir Analysis for Delineating Hydrocarbon Contact Ambiguity and Lithology Boundaries by Mulky Winata

15:00

Accelerating Subsurface Workflows with Cetegra by Julie Vonnet

16:00

From Chaos to Clarity: Streamlining Petrel Projects with Blueback Project Tracker by Neil Constantine

THURSDAY | MAY 29

09:00

The Blueback Toolbox Advantage II – Maximizing Workflow Productivity (well data) by René Dam Pedersen

10:30

Blueback Investigator – Empowering Data Driven Decisions by René Dam Pedersen

11:30

Best Practice Blueback Geophysics Toolbox and Investigator: Advanced Seismic Visualization Methods for Assessing Hydrocarbon Potential and Risk by Mulky Winata

12:30

Optimizing Data Management by Caroline McKnoe
